

# EcoTank ET-M1180

With 11,000 pages<sup>1</sup> worth of ink, Wi-Fi, USB and Ethernet connectivity, this EcoTank is easy-to-use with a low TCO.

Wi-Fi-enabled mono EcoTank printer for business, with an extremely low TCO in a user-friendly, stylish and compact design. Print up to an amazing 11,000 pages with the included ink that comes in a bottle for mess-free, easy refills. Wi-Fi, USB and Ethernet connectivity, PCL support, and a fast FPOT of six seconds all help to keep productivity high.

#### Save money

A high ink yield combined with Epson's economical inkjet technology delivers a low TCO and a competitive cost per page.

#### Save time

This reliable cartridge-free printer features an enhanced ink filling system and easy-to-use ink bottles, keeping intervention to a minimum. Thanks to the ink tank being positioned at the front of the printer, with a clear view of the ink levels, this new design is compact and provides easy access for refilling. Its fast First Page Out Time (FPOT) of six seconds from sleep, and 20ppm print speed, mean you won't be waiting around for jobs.

#### Save energy

Unlike a laser, our inkjet technology doesn't need any heat during the printing process, helping to keep energy use low and reduce electricity bills.

#### Connectivity

Wi-Fi, Ethernet and USB connectivity and a compact footprint mean that it's easy to place on a desktop and connect to a user's PC or laptop.
